Mid-Air Proposal.

The "most remarkable proposal" we know of was made at St. Louis by Charles Kruger, a trapeze performer, one of whose most sensational performances was to catch with his hands a lady who dived through the air from a great height in a desperate "leap for life." One night as he caught her in her downward flight and had her swinging in the air, he proposed to her; and before the cheers had died away he had secured her consent to be his wife.

Runes.

"Runes" were the letters of the alphabet used by the old Teutonic tribes. The word means hidden lore. The earliest runes were merely fanciful signs supposed to possess mysterious power. The letters were even considered magical, and were cast into the air, written separately upon chips, to fall as fate determined, on a cloth and to be read by the interpreters. The association of the rune letters with heathen superstitions caused the first Christian teachers to discourage their use.

Peculiar Hawaiian Flowers.

It is known that upon many of the summits of the high mountain ridges of the Hawaiian Islands, in the regions of heavy rainfall, are open bogs which support a peculiar and interesting flora. Many species form more or less hemispherical tussocks which rise above the general level of the bog. A showy lobelia with numerous large cream-colored flowers as much as three and a half inches long, peculiar violets and a sundew are found there.

Tattoo Marks.

It is usually impossible to remove such marks without leaving a permanent scar. One method is to tattoo the skin with a concentrated solution of tannin, following the original design. Then apply a crayon of silver nitrate until the skin turns black. Wipe off the excess of moisture and allow the caustic to eat into the skin. There will be pain and reddish scars will form, which may gradually disappear.
